

06-November-2009

To Our Valued Customers,

We constantly strive to provide you reliable and innovative products.

We offer the broadest coverage, together with competitive transit times in key trade lanes. Furthermore, Maersk Line schedule reliability has been consistently rated as one of the highest within the market by independent industry analyst Drewry Shipping Consultants.

Maersk Line will be increasing and extending Peak Season Surcharge (**PSS**) of USD250/teu to be effective from 21-Nov-2009 until 15-February-2010.

Scope: Peak Season Surcharge (PSS) will apply to all cargo moving from all Far East origins to all destinations in North Europe.

We thank you for your business and look forward to serve your future global transportation needs.

Should you have further queries, please feel free to contact your local Maersk Line representative.

With regards,

Maersk Line
